

OCEAN TREASURE

● This is a 5 reel video game. Wins are awarded for sets of matching fruits running from left to right in 2s 3s 4s and 5s as detailed in the win plan on the upper screen. A player may choose various stake per line (2 – 20) and numbers of active lines (1,5 and 10). In addition to these "in-line" wins there are also "scatter wins" A scatter win is awarded by counting how many SHELL symbols appear in the window, regardless of the number of active lines. The amount awarded is again detailed in the win plan on the upper screen. In addition there is also a WILD symbol. This symbol substitutes for and other symbol, besides SHELL. Wins achieved using the WILD are doubled, again this is detailed in the upper win-plan.

When there are three or more SHELL symbols in the window, the machine pays the win as mentioned above PLUS it gives BONUS GAMES. The player is asked to select one of the winning SHELL symbols. 'Behind' each symbol is a number (5,10,15,20,25 and 30) and the player is awarded BONUS games to the value of the number behind his chosen SHELL. During BONUS games all wins are doubled. BONUS games can only be played at the stake and line selection on entry to the BONUS game sequence.

All wins may be gambled on the **RED/BLACK GAMBLE**.
